Diet

What type and brand of food is your dog fed?

What type or brand of treats are given, & how often?

How many times a day is he/she fed, & at what times?

Do you include supplements (please describe)?

Where is your dog fed?

Who feeds your dog?

Does changing his/her food affect behaviour?

Is your dog reactive in any way around food?

Exercise

How often is your dog walked & for how long?

What equipment is used (i.e. collar / body harness / lead / extending lead / head collar / muzzle)?

Does your dog go off-lead on walks?

If not, what are the reasons for this?

Are games or toys incorporated into exercise?

What types?

Who initiates play - people or your dog?

Does he/she interact with other dogs?

How does your dog cope with car travel?

Training

Have you and your dog attended training classes or seen other behaviourists?

How old was he/she at the time?

How long did you attend for?

What overall training methods have been used, i.e. food rewards or lead corrections?

What training equipment has been used?

Do you recall training problems?

Does your dog: come when called?

Drop objects when asked?

Does your dog: pull on the lead?

Walk to heel?

What cues or commands does he/she know?

Behaviour Causing Concern

Please describe the behaviour causing concern. If more than one, please specify in the order of concern you place them in:

When does this behaviour occur?

Is the behaviour directed at a particular individual?

Who is usually present at the time?

What happens immediately before these behaviours are displayed?

Please describe how you or others react, or have reacted, to the behaviour:

When did this behaviour first occur?

Please describe the first incident:

Are you aware of any change in circumstances or trauma for your dog around this time?

Has the frequency or severity of this behaviour since increased?

Please describe the last incidence:

Are you aware of related pets having behavioural or medical problems?

Do other pets he/she has contact with display similar behaviours?

Please describe previous methods used to resolve this issue:

What action would be considered if the behaviour continued?

(Unneutered female dogs) Please indicate date of last season, if known:

(Unneutered female dogs) Does the behaviour alter around the season period?

Does your dog ever display aggression? Please describe:

How does your dog react to visitors, children and strangers?

How does your dog react to unfamiliar dogs?

Please describe scenarios which cause your dog anxiety, i.e. vet visits, traffic, grooming, loud noises, being reprimanded:

Rehabilitation

Please describe your expectations of behaviour therapy:

How much time can each household member dedicate to addressing the issue?

Terms & Information

A behaviour diagnosis and treatment plan will be discussed during the consultation once information has been collected. A detailed report will then be emailed and/or posted within c.1 week and a copy of the report will be sent to the referring veterinarian. Support will be provided by email or telephone.

Pet behaviour therapy can help identify maintenance factors with problem behaviour and methods to improve this. Treatment plans may produce desired results quickly, although it is often the case that time, commitment and consistency are required. The amount of progress made over time can vary according to the individual pet and owner. Implementing the treatment plan remains the owner's responsibility at all times, alongside responsibility for the pet's welfare and behaviour.

The consultation fee includes a home visit, report and receipt, travel local to Fleet and email/telephone support for 12 weeks; up to a total of four hours time (this may be extended on a discretionary basis). Further appointments in-person are not generally required, but if requested these are chargeable. If applicable, travel fees are agreed at the time of the enquiry. Payment is due by cash, cheque or bank transfer on the day of the consultation. A charge of 50% of the fee may be incurred for cancellations within 14 days of the scheduled consultation to compensate for preparation time and business loss.

Privacy Notice

Animal Behaviour Consult Ltd collects and processes personal information about you when you engage us for services. This is essential for us to carry out the service effectively and fulfil our regulatory obligations. We use personal information collected for internal record keeping, completion of correspondence with you and implementation of services. The choice of how much information you provide is always in your control, however, certain information may be required in order for us to provide a service. We will not distribute your personal information to third parties other than referring veterinarians unless we have your permission to do so or are required to by law or regulation.

If you believe that any information of yours in our possession is incorrect, or if you wish to cease corresponding with us or for us to remove your information from our system, please contact us and we will take the necessary steps subject to legal regulation - within 28 days of receipt.

By completing and returning this form, you are agreeing to the terms detailed above.
